## **Kapitel 2: On the ground**

On the ground

I'm lying here and see nothing, still Darkness around me.  
Nobody misses me,  
Nobody searches for me,  
Nobody cares,  
Nobody is here.

I can't go,  
I can't stay,  
I can't scream,  
I can't see,  
Let me go!

I give up,  
I quit,  
Stop attacking me,  
I will never rise again,

I'm lying here and look up to you.  
Where did you come from?  
Do you miss me?  
Do you search for me?  
Do you care?

You hold out your hand to lift me up,  
I found the strength to take it,

I can stay,

I can see,  
I can go,  
I thank you,

But who are you?  
Where did you come from?  
Why do you help me?

Now you take me back to the light and I can see everything.  
Thanks to you my friend,

I'm strong now,  
I never give up again,  
And I will never be on the ground again,  
Cause I'm with you.
