Kapitel 5: As you left

As you left

Now I sitting here,
And I hold you in my arms,
Still knowing you wont open your eyes,
You don't feel me,
You don't feel my tears, fallen on you.

I know you wont come back,
You wont come back to me,
Even if I beg,
You will never smile at me again,
You will never protect me again.

I go crazy,
Cause I lost you,
The one I love deply,
The one I would do anything for,
Just to be with you.

You mean everything for me,
And now,
I will never see you again,
My heart broke,
My feelings die.

I wish,
I could see you,
only for one Moment again,
But it is true,

It's over now.

I lost you,
And now i'm lonley forever,
Cause there is no one,
Who mean so much to me,
As you did.

Even that you go,
I will love you forever,
I never forget you,
As long as I live,
You are in my heart.

As you left, I know what you mean to me.
