Criminal

Von Kimahri

Every day I see you cry
I want to help you, ask you why
Please tell what is wrong with you
Is there's something I can do

Every night I wake up
I see you coming home
I see your blood stained hands
And every word that I could say
Is just another danger Zone!

Oh tell me why!
Is there nothing I can do?
Am I too shy?
What's fucking wrong with you?

It's getting worse
Even when we used to laugh
Even when we used to love
You just cry
All the time
All the time
What kind of crime
Did I commit?
To be punished
To be... cursed?
