

Dark or Light?!

Dark/Light Takuya

Von Riddle

Prolog: In the Dark

Prolog:
In the Dark

No stars in the sky
One light in the night
I can't see anything except my face
Nobody hear me
Nobody want to listen
Nobody awake
My voice just lose in the dark

In their world
I'm not alive
But I'm shooting in the dark
I'm hitting in the dark

I wanna swallow the whole dark
I'll rip the dark
With my black knife

I saw a bleeding line
A shining line
It's the dawning of my life
