Dombdy over there talks about me  
and he where is watching me!  
I'm crazy  
but ican't stop  
the voices in my head  
talking to me still in my bed  
saying something  
mad  
telling me what i must do this night  
and i cant controll cant fight

i do it because i'm scared  
what will happen..  
if i dont do it?!  
cant handle it

And there i see it  
my beautifull haluzination  
its Frank  
my friend  
a one meter eighty hopla hop rabbit  
He said something that maked me sad  
THE END IS NEAR  
its my fear  
and that only in twentyseven days  
so he says
